DRAFT ITEM FOR NEXT DIRECTOR'S NOTES

1. On 8 September, we had the privilege of entertaining Chairman Boland and most of the members of the House Permanent Select Committee on Intelligence for a working dinner/briefing here at the Agency. We are very pleased that this Committee in the House of Representatives is now firmly established and in business. It complements the Senate Select Committee on Intelligence and provides us a vehicle for counsel, support and advice in the House. I thought you all might like to review who the members of the Committee are and their Subcommittee assignments. (List them)

2. At the same time to refresh memories on the Senate Select Committee, I would like to list that membership also. These Senators have proved to be invaluable in their support and advice to us during the period I've been here, and I certainly have enjoyed working with them. (List them)
